ROYAL LITTER BIN

- 20, 40 or 60 litre capacity with double-sided access
- Inner container in steel
- Optional extra: Integrated ashtray
- Also available in any RAL colour
- Opens using a square key. The lock has a dual function: When the key is turned to the left, the ashtray empties down into the bin, when the key is turned to the right, the bin can be tilted to empty it.

MATERIALS:

- Peened stainless steel
- Also available in powder-coated stainless steel
- Inner container in hot-dip galvanised steel

DIMENSIONS:

Frame: 2 mm steel

Inner container: 1 mm steel sheet panel

INSTALLATION:

- Supplied for bolting onto foundation
- Distance from ground to upper edge: 630 / 715 / 800 mm
